Candlestick Basics

1 Momentum candle
This is your entry candle. The candle shows strong momentum in trade direction.

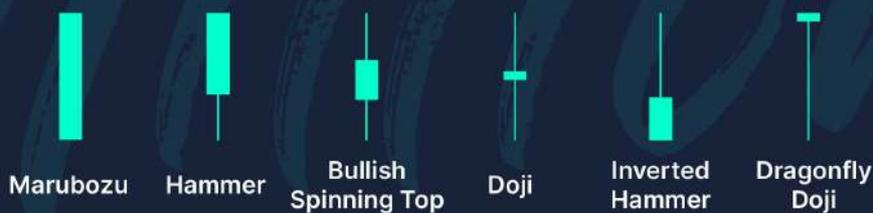

2 Indecision candle
The candle shows weakness. Bulls and bears equal. We don't have any clear direction.

3 Wick rejection candle
Candle fails to break a certain level. Price is likely to reverse or continue.

RETRACEMENTS AND PROJECTIONS

Risk Reward Ratio

CALCULATE YOUR TRADE SIZE

Set a **fixed win ratio** for your trades and stick to it. You can be **profitable** even with a negative win rate.

Most traders use a risk reward ratio between **1:5** and **1:2**.

- Don't exit trades too early
- Always set your stoploss
- Trail stoploss when in profits

Risk Reward Ratio	Win Ratio Required For Break Even
1:1	50%
1:2	33%
1:3	25%
